

INTRODUCING

re:create

re:create is a unique, experiential ministry which cultivates building community through ARW, networking, Playology, and resourcing.

Re:Create stands for Connecting Recreation, Experiential Arts, Iheology, and Education through:

- **The Arts, Recreation, and Worship Conference**, which occurs annually the first full week in May and is co-sponsored by Montreat Conference Center
- **Networking opportunities** that are available between partner organizations, leaders, and participants.
- **Playology**, which provides a variety of workshop options by taking the ARW experience and bringing it “on the road” to your local church or organization.
- **Resourcing** creative arts, recreation, and worship.

Hey there!

Do You have a retreat coming up? Church fellowship event? Volunteer training event?

Do you need: Music leadership, recreation leaders, keynote or worship leadership, leadership training facilitators, or retreat planning help? re:create has a network of highly qualified leaders that can help you.

Check out our **Playology** options on the other side of this flyer!

About Our Logo

re:create cultivates building community through ARW (the Arts, Recreation, and Worship conference), Playology, networking, and resourcing. It's an experiential ministry organization that connects and uplifts, teaches and delights in being taught. How do you encompass all of that and create a visual expression of those values?

We knew it had to capture the emotion of ARW, the connectational nature of networking, and the fun-while-learning elements of Playology. It needed an expression of movement and recreation, of whimsy and faithfulness. It needed to look great on business cards and billboards, and it needed to be variable yet recognizable.

A drawn typeface brings forward the artistic environment found in many workshops at ARW. The joyful palette emphasizes creativity in art, recreation, and worship. The lowercase “t” grounds us in Christ. We’re reminded that we’re always Re:something. Reforming. Reimagining. Reframing. Recreating.

We hope these elements speak to the soul of re:create.
